

Performance in Initiating Q4											
Research Ethics Committee Reference Number	Integrated Research Application System Number	Name of Trial	Date Site Invited	Date Site Selected	HRA Approval Date	Date Site Confirmed By Sponsor	Date Site Confirmed	Date Site Ready To Start	Date of First Patient Recruited	Reasons for delay in recruiting the first patient into a trial.	Source of Delay
18/LO/1757	224546	Comparison of the mOm incubator with a standard incubator for the maintenance of thermal stability in preterm infants with user feedback	27/08/2021	02/09/2021	27/10/2021	28/10/2021	28/10/2021	29/10/2021	03/11/2021		
21/LO/0412	288722	SIGNET Trial: Statins in Organ Donor Management An evaluation of the benefits of a single dose of Simvastatin given to potential organ donors declared dead by neurological criteria on outcomes in organ recipients	05/07/2021	13/09/2021	28/06/2021	21/10/2021	20/10/2021	29/10/2021		There hasn't been a delay, we can only recruit patients who are on life support awaiting organ donation. This will not be very many patients a year and we haven't had one yet.	
21/EM/0061	293082	SWIFT Trial: A 52-week, randomised, double-blind, placebo[1]controlled, parallel group, multi-centre study of the efficacy and safety of GSK3511294 adjunctive therapy in adult and adolescent participants with severe uncontrolled asthma with an eosinophilic phenotype.	29/03/2021	15/04/2021	20/04/2021	12/11/2021	12/11/2021	17/11/2021	11/01/2022	Reason for delay: Screened few patients that were eligible, but opted out after screening. Another potential patient had child care issues hence there was a delay in scheduling a screening visit. Screening is ongoing and we have a few more potential/ eligible patients to contact for interest. Moreover, the study opened just before the Christmas break, hence there was delay due to the holiday period as well.	Both
